Capitol Station  
Austin, TX 78711-3087

Re: LUST ID NO. 95021

Dear Ms. Miller:

As per our telephone conversation of June 28, 1990, this letter will confirm our understanding that the City of Laredo complete testing of the six fuel tanks by July 17, 1990, and complete a site assessment by August 3, 1990.

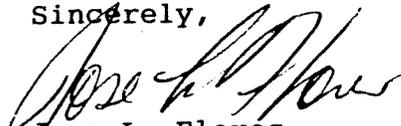

The City has awarded a purchase order to Macolm Pirnie, Inc., to perform the testing of the tanks. The testing will be conducted on July 12 and 13.

The City sent out 24 Requests for Interest Statements regarding the eight-point letter. Nine Interest Statements were received on June 26, 1990. Our City Council will consider a recommendation to hire an environmental consultant during the Council meeting of July 16, 1990. We are confident that the site assessment will be completed by August 3, 1990.

The request for an extension until August 3, 1990, for the completion of the site assessment is for City Staff to negotiate a contract and finalize a recommendation to City Council.

Thank you for your assistance and consideration.

Sincerely,

  
Jose L. Flores  
Airport Director
