Re: LUST ID NO. 95021

Dear Ms. Miller:

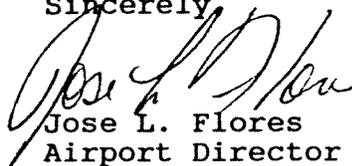

Trinity Testing Laboratories, Inc. completed testing the fuel lines at our Airport Fuel Farm on August 16, 1990. I am pleased to report that all fuel lines passed inspection and were found to be tight.

A report from Trinity will be furnished to your office as soon as I receive same.

Regarding the Site Assessment report, the City is working towards implementing the report's recommendations. I will keep you informed of our efforts.

Thank you for your assistance.

Sincerely,

Jose L. Flores
Airport Director
