SUBJECT: Economic Development Administrative Grant, Airport/Medical Park Infrastructure Improvements

City of Laredo
Laredo International Airport
1110 Houston Street
Laredo, TX 78040

To Whom It May Concern:

The City of Laredo and the U.S. Army Corps of Engineers are currently undertaking a PRP investigation in an area of the Laredo International Airport for which the City of Laredo is seeking a grant. Based on a joint preliminary assessment of the area, the Corps concurs that the placement of a road in the Airport Fuel Farm area would not hinder either the continued investigation nor subsequent remediation/stabilization effort(s). If you have any questions, please contact Mr. Hank Iarrusso, PRP Attorney, at 918-669-7595.

Sincerely,

A handwritten signature in cursive script that reads "John Roselle, Jr." with a small flourish at the end.

John Roselle, Jr.
District Counsel
