Corps of Engineers to hold public hearing on flood study for Farmer's Branch Creek

FORT WORTH, TX - The Fort Worth District, U.S. Army Corps of Engineers, in cooperation with the City of White Settlement, will hold a public hearing on Nov. 19, concerning the Farmer's Branch Creek flood damage reduction study.

The hearing will be held on Nov. 19, beginning at 7:00 p.m., at the City Recreation Gymnasium, 8213 White Settlement Road, in White Settlement.

The Corps will provide an update of the study including existing conditions of the study area; problems, opportunities, constraints and objectives; and measures/alternatives being investigated. Following the briefing, there will be an open forum for questions.
