Corps to perform construction work on Whitney Lake Dam

FORT WORTH, Texas – The U.S. Army Corps of Engineers will be performing maintenance work on the Whitney Lake Dam. Traffic will be reduced to one lane on Highway 22 across the dam. The construction period will begin November 27 and end December 21. Travelers along Highway 22 can expect travel delays during the daylight hours, but both lanes will be open in the evenings. Travelers may want to consider detours or time delays in advance.

The Corps appreciates the patience of travelers during these much needed maintenance inspections.

For more information, please contact the Whitney Lake Office at 254-622-3332.
