Comment Form Instructions *Proctor Lake Master Plan and Shoreline Management Plan Revision*

*30 Day Comment Period
March 20 through April 19, 2024*

The U.S. Army Corps of Engineers is in the process of revising the Proctor Lake Master Plan and Shoreline Management Plan and are providing draft plans for the public to review. The Master Plan revision will guide the land and recreational management of the federally owned property that make up the its flood storage area for the next 25 years. The Shoreline Management Plan revision will help guide permitted activities by private entities on Federal land. Management activities include protecting natural and cultural resources, providing public land and water recreation, protecting the public, and ensuring reservoir and dam operations. Pertinent information, plans, and maps can be found on the USACE website below.
