

Species Plantings List

Laredo Riverbend Section 206

Aquatic Ecosystem Restoration Project

Partnership between the U.S. Army Corps of Engineers and the City of Laredo

Tentative list as of August 2016 – Subject to change

Native species to be planted during the restoration component of the Laredo Riverbend Aquatic Ecosystem Project. The species names in bold are stated in the US Fish and Wildlife Biological Opinion for this project.

	Scientific Name	Common Name	Community
1	<i>Acacia farnesiana</i>	Huisache, Sweet Acacia	Wetland & riparian forest
2	<i>Celtis laevigata</i>	Sugarberry	Riparian forest
3	<i>Fraxinus berlandieriana</i>	Mexican Ash	Riparian forest
4	<i>Salix nigra</i>	Black Willow	Riparian forest

	Scientific Name	Common Name	Community
1	<i>Atriplex acanthocarpa</i>	Tuberclad saltbush	Well-drained upland shrub
2	<i>Cephalanthus occidentalis</i>	Buttonbush	Well-drained upland shrub
3	<i>Condalia spathulata</i>	knifeleaf condalia	Xeric shrubland
4	<i>Cordia boissieri</i>	Mexican Olive	Well-drained upland shrub
5	<i>Diospyros texana</i>	Mexican Persimmon	Well-drained upland shrub
6	<i>Parkinsonia aculeata</i>	Paloverde, Retama	Well-drained upland shrub
7	<i>Parkinsonia texana</i> <i>var. texana</i>	Texas Paloverde	Riparian and upland forest/shrubland

	Scientific Name	Common Name	Community
1	<i>Acacia greggii</i>	Catclaw	Well-drained upland shrub
2	<i>Acacia rigidula</i>	Blackbrush	Well-drained upland shrub
3	<i>Celtis pallida</i>	Spiny hackberry	Well-drained upland shrub
4	<i>Condalia hookeri</i>	Brasil	Well-drained upland shrub
5	<i>Ehretia anacua</i>	Anacua	Riparian forest
6	<i>Guaiacum angustifolium</i>	Soapbush, Guayacan	Well-drained upland shrub
7	<i>Hibiscus martianus</i>	Heartleaf Rosemallow	Well-drained upland shrub
8	<i>Leucophyllum frutescens</i>	Cenizo, Purple Sage	Well-drained upland shrub
9	<i>Lycium berlandieri</i>	Berlandier's Wolfberry	Well-drained upland shrub
10	<i>Opuntia</i>	Texas Prickly Pear	Well-drained upland shrub

	<i>engelmannii</i>		
11	<i>Schaefferia cuneifolia</i>	Desert Yaupon	Well-drained upland shrub
12	<i>Ziziphus obtusifolia</i>	Lotebush	Well-drained upland shrub

	Scientific Name	Common Name	Community
1	<i>Desmanthus virgatus</i>	Bundleflower	Grasslands
2	<i>Leptochloa dubia</i>	Green spangletop	Swales, periodically wet soils
3	<i>Panicum obtusum</i>	Vine Mesquite	Swales, periodically wet soils
4	<i>Panicum virgatum</i>	Switchgrass	Swales, periodically wet soils
5	<i>Paspalum pubiflorum</i>	Hairyseed Paspalum	Swales, periodically wet soils
6	<i>Rumex chrysocarpus</i>	Amamastla	Swales, periodically wet soils
7	<i>Setaria scheelei</i>	Southwestern Bristlegrass	Grasslands
8	<i>Tridens albescens</i>	White Tridens	Swales, periodically wet soils

	Scientific Name	Common Name	Community
1	<i>Andropogon glomeratus</i>	Bushy Bluestem	Wetland
2	<i>Bacopa monnieri</i>	Bacopa	Wetland
3	<i>Cyperus odoratus</i>	Flatsedge	Wetland
4	<i>Cyperus retroflexus</i>	Oneflower Flatsedge	Wetland
5	<i>Eleocharis interstincta</i>	Knotted Spikerush	Wetland
6	<i>Eleocharis macrostachya</i>	Spikerush	Wetland
7	<i>Hydrocotyle umbellata</i>	Pennywort	Wetland
8	<i>Justicia americana</i>	Water Willow	Wetland
9	<i>Ludwigia peploides</i>	Water Primrose	Wetland
10	<i>Nymphaea mexicana</i>	Yellow Waterlily	Aquatic
11	<i>Nymphaea odorata</i>	American White Waterlily	Aquatic
12	<i>Phyla nodiflora</i>	Frogfruit	Wetland
13	<i>Polygonum punctatum</i>	Smartweed	Wetland
14	<i>Potamogeton</i>	American Pondweed	Aquatic

	<i>nodosus</i>		
15	<i>Schoenoplectus californicus</i>	California Bulrush	Wetland
16	<i>Schoenoplectus tabernaemontani</i>	Softstem Bulrush	Wetland
