MEMORANDUM FOR Commander, Fort Worth District

SUBJECT: Section 205 Flood Risk Management Project, Willis Creek, Brownwood, TX (P2# 171552) – Concurrence with Federal Interest Determination (FID) and Endorsement to execute Feasibility Cost Sharing Agreement (FCSA).

1. References:

a. Email, CESWF-PM-C (Arrowood), 31 July 2014, subject: Willis Creek FID -Request SWD endorsement.

b. Email, CESWF-PM-C (Arrowood), 24 September 2014, subject: Request approval and authorization to execute FCSA for Willis Creek 205 project.

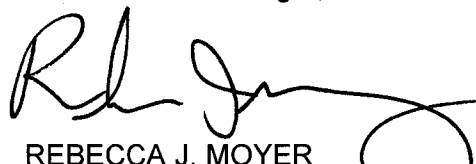

2. The subject FID report is endorsed, and CESWD-PDP concurs with findings.

3. By separate action in the FY14 Continuing Authorities Program Work Plan, funding has been provided for initiation of the Feasibility phase of the subject project. The local sponsor, the City of Brownwood, Texas has approved entering into a model agreement and provided authorization and funding through their City Council Resolution on 24 September 2014.

4. The subject FCSA has been reviewed. It conforms to the model agreement. The District Commander is authorized to execute the FCSA and proceed with the Feasibility Phase of the project.

5. The district will prepare the Project Management Plan (PMP) for the feasibility phase and provide to the SWD CAP Manager for coordination and endorsement within 60 days, and will prepare the feasibility phase Review Plan (RP) for submittal for SWD review and approval within 60 days. Study activities should commence immediately upon receipt of federal funds and concurrently with PMP and RP development.

6. Questions on this project should be directed to Lanora Wright, 469-487-7032.

REBECCA J. MOYER
