Comment Form Instructions *Proctor Lake Master Plan and Shoreline Management Plan Revision*

*30 Day Comment Period
January 20 through February 20, 2023*

The U.S. Army Corps of Engineers is in the process of revising the Proctor Lake Master Plan and Shoreline Management Plan. The Master Plan revision will guide the land and recreational management of the federally owned property that make up the flood storage area for the next 25 years. The Shoreline Management Plan will help guide permitted activities by private entities on Federal land. Management activities include protecting natural and cultural resources, providing access to public land and water recreation, protecting the public, and ensuring reservoir and dam operations. Pertinent information and a copy of the current land use map can be found on the USACE website below. To add your comments, ideas, or concerns about the future land and recreational management for the Master Plan or Shoreline Management Plan, please submit comments using any of the following methods:
