Planning, Environmental, and Regulatory Division

Dean Kuhn  
Tarrant Regional Water District  
800 East Northside Drive  
Fort Worth, TX 76102

Dear Mr. Kuhn:

The U.S. Army Corps of Engineers (USACE) is assessing the potential impacts to the environment which may result from proposed Minor Section 408 Requests and Future Minor Section 408 Requests within the project limits of Federal Projects located within the USACE Fort Worth District Civil Works boundaries. Due to the high demand and increasing interest of non-federal entities implementing Minor Section 408 Actions within completed USACE Fort Worth District Civil Works, USACE has prepared a Draft Programmatic Environmental Assessment (PEA) to address NEPA compliance and disclose all associated impacts for public review.

A Public Notice has been prepared to notify the public of this action and to solicit comments. The Public Notice, draft FONSI and EA are enclosed with this communication for your review and to solicit any additional comments or concerns your agency may have regarding this action. We will consider any comments that we receive from you by the close of the comment period as indicated on the Public Notice. Please address any comments you may have to the contact indicated in the Public Notice. Thank you for your cooperation in this matter.

Sincerely,

A handwritten signature in cursive script, appearing to read "William Fickel, Jr.".

Mr. Mark Wolfe  
State Historic Preservation Office  
P.O. Box 12276  
Capital Station  
Austin, Texas 78711

Dear Mr. Wolfe:

The U.S. Army Corps of Engineers (USACE) is assessing the potential impacts to the environment which may result from proposed Minor Section 408 Requests and Future Minor Section 408 Requests within the project limits of Federal Projects located within the USACE Fort Worth District Civil Works boundaries. Due to the high demand and increasing interest of non-federal entities implementing Minor Section 408 Actions within completed USACE Fort Worth District Civil Works, USACE has prepared a Draft Programmatic Environmental Assessment (PEA) to address NEPA compliance and disclose all associated impacts for public review.

A Public Notice has been prepared to notify the public of this action and to solicit comments. The Public Notice, draft FONSI and EA are enclosed with this communication for your review and to solicit any additional comments or concerns your agency may have regarding this action.

As stated in the PEA, separate Section 106 consultation will be carried out for each project. We will initiate that consultation on a project-by-project basis with your office as well as with the appropriate federally recognized Native American tribes. A copy of the draft PEA has been enclosed for your review.

Please address any comments you may have to the contact indicated in the Public Notice. Thank you for your cooperation in this matter. If you have any additional questions or concerns please feel free to contact Ms. Nancy Parrish, Archeologist, at 817-886-1725 or Ms. Amanda McGuire, Environmental Planner, at 817-886-1864.

Sincerely,

A handwritten signature in blue ink, which appears to read "William Fickel, Jr.", is positioned above the typed name.

Kevin Craig  
USACE  
Trinity River Corridor Project  
1500 Marilla, Room 6DS  
Dallas, Texas 75201

Dear Mr. Craig:

The U.S. Army Corps of Engineers (USACE) is assessing the potential impacts to the environment which may result from proposed Minor Section 408 Requests and Future Minor Section 408 Requests within the project limits of Federal Projects located within the USACE Fort Worth District Civil Works boundaries. Due to the high demand and increasing interest of non-federal entities implementing Minor Section 408 Actions within completed USACE Fort Worth District Civil Works, USACE has prepared a Draft Programmatic Environmental Assessment (PEA) to address NEPA compliance and disclose all associated impacts for public review.

A Public Notice has been prepared to notify the public of this action and to solicit comments. The Public Notice, draft FONSI and EA are enclosed with this communication for your review and to solicit any additional comments or concerns your agency may have regarding this action. We will consider any comments that we receive from you by the close of the comment period as indicated on the Public Notice. Please address any comments you may have to the contact indicated in the Public Notice. Thank you for your cooperation in this matter.

Sincerely,

A handwritten signature in black ink, appearing to read "William Fickel, Jr.", written over a printed name.

William Fickel, Jr.  
Chief, Planning, Environmental, and  
Regulatory Division
