**US Army Corps  
of Engineers®**

# ***Stafford Act***

---

- Stafford Act (P.L. 93-288, amended by P.L. 106-390) establishes FEMA as lead agency for disaster response
- Federal government assumes tasks that are beyond capability of State and local authorities
- Requests go from localities through State to FEMA
- Once FEMA tasks USACE for a mission, we will form intergovernmental team (USACE, FEMA, other Federal agencies, State and local governments) to execute
- Examples:
  - Debris removal – USACE brings in contractors, works with local authorities to set priorities
  - Emergency power – USACE works with local power authority to install generators
  - Ice and water – USACE secures & transports supplies, State and local governments distribute
